There are so many compounds called cold cream that it is often difficult to make a selection. Most cold creams are good when fresh, but they become irritating when old. We recommend

**VILLA MARIA ENTERTAINMENT.**

A large number of people attended the bazaar and basketball game at the convent yesterday afternoon, although it was the day for all the Sun-

day school picnics. They were treated to a fast basketball game between the Blues and the Reds, two teams from the school. The Blues won by a score of 10 to 8. The feature of the game was the goal throwing of Miss Helen Holick for the Blues and Miss Gertrude Kling for the Reds. Prof. Bethany refereed the game.

The Eagle is requested to state that there are four or five cakes left over from the bazaar and that the sisters would like to sell them to anyone wishing a cake.

The ladies of Villa Maria desire to thank the friends of the institution for their presence and patronage. Also they desire to especially thank Mr. O. E. Gammill for the excellent car service provided.

**FOR DISTRICT CLERK.**

J. W. Barron Announces for Re-election as District Clerk.

Mr. J. W. Barron, our popular and efficient district clerk, is a candidate for re-election, and requests The Eagle to announce his candidacy to the voters of the county, subject to the Democratic primary to be held in July.

The Eagle does not have to tell the people who Mr. Barron is, as he has been here ever since Bryan was founded and is known by every voter in the county. He has lived among the people here for more than forty years and yet during that long stretch of time not one charge can be brought against him, which is proof beyond all question that he is a good man, an upright, honorable citizen.

During his incumbency as district clerk, Mr. Barron has also proven his ability and fitness for the duties of the office by giving faithful and efficient service and a business-like, up-to-date administration. He is always at his office during office hours, ready to serve the public in any way that his services may be needed.

During Mr. Barron's official career he has acquired the reputation of being the most accommodating official that ever held office in the county, with the one exception of the lamented Judge D. C. Barmore of former years. This courtesy is appreciated by the people and they have shown their appreciation and are willing to continue to show it at the polls.

Mr. Barron has made a good officer, and if re-elected guarantees the same faithful service. He is thankful for past favors and will appreciate the efforts of his friends in his behalf in future.

The Eagle takes pleasure in submitting his candidacy to the Democracy of the county.

**BRYAN AND SHILOH  
PLAY BASEBALL**

Both Places Have Good Teams, But Shiloh Takes Both Games.

The baseball team of Shiloh defeated a picked team from Bryan on April 5, on the Shiloh grounds, by a score of 8 to 6. The game was fast and exciting, being featured by fast playing on both sides. A large crowd was present and much excitement and enthusiasm was manifested.

On April 19 another game was played between these two teams. Shiloh winning again by the score of 7 to 6. This was a better game than the first, there being a better lineup on both sides, and the game was fast and exciting from the start.

The game looked as though Bryan had it in a sack, when in the seventh inning, with the score tied, Bryan scored four runs before Shiloh could stop them, but when their turn came the Shiloh boys woke up and by a great batting rally scored five runs, making the score 7 to 6, the final result, as neither team scored again, Bryan got a man on second base in the eighth inning, but by fast work the Shiloh boys put three men out in quick succession.

**COTTONSEED WARNING.**

Warning against the planting of cotton recently introduced into Texas, which is represented as producing fifty per cent of lint or a five hundred pound bale of cotton from a thousand pound load of seed cotton, has been issued by Dr. W. F. Proctor, State agent in charge of demonstration agents in Texas. Dr. Proctor, a joint employee of the United States Department of Agriculture and the A. & M. College, makes his headquarters at the college.

"The department's representatives have made a thorough investigation of this cotton," said Dr. Proctor, "and they have found that the lint is exceedingly short. The large proportion of lint from the seed evidently results from the fact that the seed are very small and light. It has not been found a heavy producer of lint cotton per acre. One of the chief reasons that

Dike's Tonic Hypophosphites is a general tonic that acts by supplying to the human system the chemical constituents needed to restore the tissues of the body to their normal state and to enrich and revitalize the blood.

**Proved by the Test of  
Forty Years**

Dike's Tonic Hypophosphites produces the happiest results in wasting diseases where the patient is constantly losing flesh; in nervous affections; in slow recovery from illness, where the weakened body does not gain strength as it should—as in protracted fevers, grippe, etc.; in bronchitis, coughs and affections of the lungs, and where there is lack of vitality, diminished energy and loss of appetite.

**SLEEP DISTURBING BLADDER WEAKNESS  
--- BACKACHE-RHEUMATISM, QUICKLY VANISH**

Even Most Chronic Sufferers Find Relief After A Few Doses Are Taken

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles, is to remove the cause.

The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and cleans out and strengthens the stopped up, helpless kidneys so they filter and sift all the poisons from

the blood, and drive it out of the system.

So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results.

You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.
